

MASSACHUSETTS ASSOCIATION OF SCHOOL SUPERINTENDENTS, INC.

February 13, 2019

To Whom It May Concern:

The Massachusetts Association of School Superintendents (M.A.S.S.) supports the grant application being filed to fund the writing of an anti-vaping curriculum to be considered by local school districts for implementation. The issue surrounding vaping is a public health issue that needs further education, especially with our students in public schools. This grant would provide the opportunity for professionals to come together and create the best opportunities for providing students research based information.

We support the grant application being filed.

Sincerely,

A handwritten signature in black ink, appearing to read "Thomas Scott".

Thomas Scott
Executive Director
